

**SAVES YOU TIME AND MONEY
- EVERY PAY PERIOD**

Replace your paper timesheets with the **ONLY** system that combines timesheets, leave management & HR

One all-encompassing system

Meridian Workforce Management incorporates HR, timesheets and leave management in one single software package and exports to your payroll system. Save hours of time for your management team every pay period.

Eliminate spreadsheets

Get all staff using one entry system that is customized to reinforce your current HR policies and practices. Track time on projects and activities. Meridian is fully Canadian payroll compliant.

Track attendance

Meridian Workforce Management helps track your team with paperless leave requests and approvals, printable department calendar and In/Out Boards for staff and visitors. See live tracking of vacation and sick accruals as they are earned and used!

Currently used by organizations with 30 – 200 employees in multiple locations

Analytics and reporting

Meridian Workforce Management provides powerful reports and analytics for your team and projects.

Easy to learn

Train your team in less than a day. Our clients tell us they have more valuable information than they have ever had before.

Reliable and customizable

Meridian integrates very well with financial management software and other systems. Your data can be securely shared quickly, accurately and reliably.

HR – your most valuable asset

Manage policies, on-boarding, staff reviews, equipment assigned to staff and so much more.

Plan to get your investment back in under a year.

Our clients love how easy it is to use MERIDIAN because it is the “intuitive user-friendly system”.

“We have worked with Applied Office Solutions since 2002. AOS has been with us all the way and have more than met every need we have required very quickly and professionally.” — J.E.

“I would like to say that the system that AOS has developed for us is one of the best I have ever worked with. The way your team was able to implement all the requirements requested and in such short time was something I have never experienced with other IT companies.” — K.C.
